

Mrs. Enriquez's April News

Reading

Our class has finished the kindergarten reading curriculum and we have begun the 1st grade reading curriculum. We are continuing to blend words, learn new sight words and more independent work. At this time, encourage your children to read to you at night...you will be amazed at how much they can read!!

Math

We are currently working on Chapter 12 on addition and subtraction. Ask your child to write you a number sentence...you will be amazed!!!

Birthdays

Luke 16th

Important Dates

9th Assembly
10th Open House/Silent Auction
10:30-1pm

Science

This month we will be learning about the life cycle of butterflies and insects. We will even have a caterpillar in our class and we will get to watch it transform into a butterfly.

Parents:

Please come to our Silent Auction!! Our class made a beautiful flower pot with their fingerprints and it is filled with seeds, dirt and gardening tools. I will also be auctioning off my time for a movie night with one lucky student!!!

Social Studies

This month we will be learning about community helpers and how they keep us safe and comfortable. We may even have a visit from a real life community
